

The club has decided to trial a Sir George Cayley Sailing Club Telegram group to assist Cayley club members to get out and fly with other Cayley members.

Telegram works a lot like WhatsApp and good old SMS text messages. If you have a smartphone (Android, Apple or Windows Phone), Windows PC or iMAC you will be able to use the Telegram application.

Please use the download links below to find the right version for your device.

Android

<https://play.google.com/store/apps/details?id=org.telegram.messenger>

iPhone

<https://itunes.apple.com/app/telegram-messenger/id686449807>

Windows Phone

<https://www.microsoft.com/en-gb/p/telegram-messenger/9wzdncrdzhs0?rtc=1>

Once installed, you will need to register on the App. There are no adds, its free and private. You'll just see flying chat and weather updates from our members.

1. To register, open the App on your phone.
2. Enter your mobile number
3. Register your account.
4. The link will change from time to time, so please use the Cayley Forum found on the website to pickup the latest link. This can be found under 'General Discussions > Cayley Telegram Group' or by this link <http://www.cayleyparagliding.co.uk/forum/viewtopic.php?f=2&t=48>
5. Post if you are thinking about flying, you are flying or at a site and about to fly!

You are able to mute notifications for a couple of hours, days or permanently. This is useful if you are at work Mon – Fri and people are flying mid-week.

From time to time, we might have to change the invite link to this group if it "gets out in the wild" and known to spammers.

Please respect the other club members on group by

1. Avoid posting updates past 9pm on an evening because who likes a beeping phone in the middle of the night?
2. If you want to have a conversation with someone on the group, please message them directly and not to the whole group. This will avoid everyone seeing chitchat bouncing back and forth.
3. Please do not post anything that could offend anyone. Keep it clean!
4. If you have an issue with an individual or group of individuals please do not use this group to communicate your dislike towards them.

Enjoy!
